

DECO

THE INDUSTRY STANDARD SINCE 1955

DECO

MATERIAL HANDLING

Available exclusively through Deco, the Commander Series Low Profile Lift allows you to move up to 2,000 pounds with ease. It ergonomically lifts a variety of equipment, including lift containers, carts, and wide loads. The Commander Series features:

- Lubed-for-life pivot points
- Foot-operated controls
- Pressure relief valves

We also offer steel-reinforced safety skirts, up and down indexing, pedestal controls, floor-mounted tilt, a rotate deck, or a conveyor.

METAL FABRICATION

Deco has the equipment to meet your industrial goals—big or small. From your specs, our certified welders can create everything from structural floor steel and x-bracing to ventilation units and platforms. The fact is, we do it all.

- Bending and forming capacities up to ¾ inch
- Plate rolling and shearing up to ½ inch
- Miller welding equipment up to 500 amps—stick, mig, tig
- Plasma cutting
- Aluminum welding—tig or mig
- Auto feed saw cutting
- 60-inch radial arm drilling
- 200-ton press capabilities
- Pipe welding
- Heat exchangers
- Tank fabrication

DESIGN SERVICES

When you know what you need but don't know how to get it, come to Deco. We're living your challenges every day, so we understand what it takes to succeed in manufacturing today.

Using advanced Pro/E® and AutoCAD® software, we can create two- and three-dimensional models to any specifications. Let us design a solution customized around your needs.

MACHINING

For precision-machined parts that are second to none, Deco delivers. Whether it's drilling or milling, our skilled staff produces high-quality manufactured goods with consistent, tight tolerances. Our CNC machines and lathes include:

- I Okuma MC60VA vertical mill
- I Okuma Cadetmate 4020 vertical mill
- I Okuma LB 25 lathe
- I Okuma LNC 8 big bore lathe

ANCHOR BOLTS

Deco Heavy-Duty Anchors' strong, resilient studs and couplings keep your heavy equipment in place. They're machined from mill-tested, stress-proof, cold-rolled steel with a minimum tensile strength of 115,000 psi and a yield strength of 100,000 psi.

- Heavy-Duty Customized Threaded Materials
- Heavy-Duty Adjustable Anchors—adjustable up to ½ inch
- Heavy-Duty Adjustable Special Anchors
- Heavy-Duty Adjustable Custom Anchors
- Hook Bolts
- Large Hex Nuts

FOR MORE THAN 50 YEARS,
Deco Manufacturing has delivered
industrial products that stand
the test of time.

What started as an anchor bolts
operation has evolved into a more than
20,000-square-foot manufacturing facility
that now offers complete, custom steel
fabrication and CNC vertical machining
and horizontal lathe capabilities.

Tough and durable, our metal fabrications,
machining operations, and anchor bolts
are guaranteed to meet your demands—
NO QUESTIONS ASKED.
